## Welcome to The Foundations' Gallery

After a long period of operations, battling and defending their "causes", the three foundations have now, opened its doors to its gallery beginning October 2017.

The gallery boost a total floor area of 3,000 sq ft which exhibits the information about the three foundations, namely, the EMKAY Foundation (YE), Bukit Merah Orang Utan Island Foundation (BMOUIF) and the Pulau Banding Foundation (PBF). Each foundation is allocated a distinctive space to exhibit their background, activities that are being carried out as well as a corner show-casing souvenir and premium items for sales as well as and products produced from the respective activities.

To know the history and milestones of each foundation over the years, a timeline board has been strategically placed at the center of the gallery. From this board, guests will be able to track the achievements of each foundation since their inception.

To enable the visitors to further understand the activities of each foundation, a reading area equipped with reading materials and digital photo frames is set-up. In this area, visitors will be able to gain detailed information on the inception of each foundation, its vision, mission and view photos and videos of the activities carried out.

A striking similarity between the three foundations is the aspiration to give back to society through their respective activities. Although

each foundation's activities are different in nature, through mutual understanding of all three, a new programme have been set up. The programme that champions for the protection of Mother Nature named Green Ranger Malaysia (GRM) was created in 2011. GRM has also been given a space in the gallery for guests to know the uniqueness of the programme which has attracted the attention of many parties including the Ministry of Education Malaysia.

While BMOUIF boasts its orangutan primats, PBF on the other hand features its array of butterflies and fishes from the Belum-Temengor Rainforest. Not to be missed is YE's exhibit of handicraft items by the indigenous peoples of Belum-Temengor and crafts made by the physically challenged children under YE's skills training programme. A mini i-Play Toy Library corner can be found inside the gallery too. This in fact is suitable to be used as a space to de-stress and fatigue whilst playing with the toys that are laid out. Reading materials produced by the three foundations can be found in this area for the reading pleasure of the visitors.

Visitors to the gallery are treated to a video presentation of the foundations and can find news clippings of the activities in the gallery. This special gallery holds a myriad of information of the three foundations in the hopes of convincing visitors and guests that we have extensive experience and a good track record in the works that we do. It can also be an avenue for volunteers to channel their expertise and services according to their interest.

Each table features informational documents and a digital photo gallery for visitors.  
Meja-meja ini mempamerkan dokumen-dokumen berinformasi dan bingkai foto digital untuk para pelawat.

## Selamat datang ke Galeri 'The Foundations'

Alhamdulillah, setelah sekian lama beroperasi, memperjuangkan dan membela ('cause') kumpulan fokus masing-masing, ketiga-tiga yayasan kini, membuka pintu galerinya mulai bulan Oktober 2017.

Galeri berkeluasan 3,000 kaki persegi ini memuatkan ruang yang mempamerkan maklumat tentang ketiga-tiga Yayasan, yakni, Yayasan EMKAY (YE), Yayasan Pulau Orang Utan Bukit Merah (YPOUBM) dan juga Pulau Banding Foundation (PBF). Setiap yayasan diberikan ruang khas untuk memperagakan latar belakang serta butir-butir aktiviti yang dijalankan, di samping produk-produk untuk jualan, serta hasil kegiatan organisasi masing-masing.

Untuk mengetahui tentang sejarah salasilah dan pencapaian ('milestone') setiap yayasan, satu ruang istimewa dikhususkan untuk 'Timeline Board' di tengah-tengah ruang galeri ini. Melalui paparan ini, para pengunjung akan dapat melihat sendiri perkembangan dan pencapaian setiap yayasan sejak ianya ditubuhkan.

Bagi memudahkan pengunjung untuk memahami kegiatan setiap yayasan, ruang bacaan, lengkap dengan bahan bacaan dan bingkai foto digital juga disediakan. Di ruang ini, pengunjung akan mendapat maklumat lebih lengkap tentang penubuhan setiap yayasan, visi dan misi serta melihat sendiri foto dan video mengenai kegiatan yang telah dilaksanakan.

Ketiga-tiga yayasan mempunyai persamaan, yakni hasrat untuk 'memberi balik' kepada masyarakat, melalui program masing-masing. Walaupun menjalankan kegiatan yang berbeza sifatnya, namun, hasil

kesefahaman ketiga-tiga yayasan, telah diwujudkan satu lagi program yang memperjuangkan perlindungan alam semula jadi, yang dikenali sebagai Green Ranger Malaysia (GRM). Di galeri ini, GRM turut diberi ruang pameran untuk memberi maklumat kepada pengunjung tentang keistimewaannya, yang telah berjaya menarik minat semua pihak, termasuk Kementerian Pendidikan Malaysia.

Jika YPOUBM berbangga dengan primat orang utannya, PBF pula mempamerkan spesis rama-rama dan ikan yang terdapat di kawasan Belum Temengor. Tidak ketinggalan, YE mempamerkan hasil kerja tangan kaum wanita Orang Asli Belum Temengor dan juga hasil kreatif anak-anak OKU yang mengikuti program-program latihan anjuran YE.

Sudut Perpustakaan Permainan i-Play mini juga disediakan sebagai perpustakaan yang sebenarnya dan juga sesuai digunakan sebagai ruang untuk melepaskan lelah dan tekanan kerja dengan bermain peralatan dan permainan yang disediakan. Bahan-bahan bacaan terbitan ketiga-tiga yayasan juga turut disediakan untuk bacaan dan rujukan pengunjung dan pelawat.

Setiap pengunjung ke galeri ini juga akan berpeluang untuk menonton tayangan video berkaitan kesemua yayasan, dan melihat sendiri laporan akhbar tentang program serta kegiatan yang dijalankan oleh kesemua yayasan. Sesungguhnya, galeri ini menyimpan banyak maklumat tentang ketiga-tiga yayasan, dengan tujuan untuk meyakinkan para pelawat, bahawa yayasan-yayasan ini mempunyai 'track record' dan pengalaman, dan boleh dijadikan wadah untuk para sukarelawan menawarkan perkhidmatan dan kepakaran mengikut minat masing-masing.

### Final Leg of Music Inspired Motivational Programme – MUSIKA for the Orang Asli Children

The third and final leg of the Music Inspired Motivational Programme for the Orang Asli children of Belum-Temengor was held at Bukit Merah Laketown Resort from 12th to 14th December 2017 to further strengthen the Orang Asli children's skills in mastering the local instrument, the angklung. While the second series in Penang in May 2017, the participants had a chance to go to Bukit Bendera and Batu Ferringhi among others, this camp was filled with educational excursions to Bukit Merah Orang Utan Island and the High Rope Course (Kids & Practice Course) at Laketown Adventure Park.

The invited motivators for all 3 camps are from Selfcure Resources, headed by Ustaz Idzhar Jumali, and named as MUSIKA (Motivasi Ubah Sikap) which means motivation for an attitudinal change. In addition to providing a touch

of motivation, MUSIKA also aims to expose the native children to traditional musical instruments such as the angklung as well as providing them with the opportunity to familiarise themselves with other modern day musical instruments.

The objective of this programme is to form a group of confident and positive minded teenagers. It also aims to raise awareness amongst the youth and children from Kampung Sungai Tiang and Kampung Sungai Kejar as well as children from Kampung Desa Damai that pursuing a career in music can be a fruitful venture.

Yayasan EMKAY's vision is that these series of camps will provide the children with the confidence to perform in public during events organised by the Foundation or other related stakeholders. Interested stakeholders may contact Yayasan EMKAY for more information.

### Program Motivasi Berasaskan Muzik Siri III – MUSIKA

Siri ketiga Kem Motivasi Berasaskan Muzik yang telah dijalankan di Bukit Merah Laketown Resort dari 12 hingga 14 Disember 2017, melibatkan pengisian pengukuhan kemahiran menggunakan alat muzik angklung. Jika kem siri kedua di Pulau Pinang yang lalu, para peserta berpeluang ke Bukit Bendera dan Batu Ferringhi, kem kali ini pula diisi dengan sesi lawatan pendidikan ke Pulau Orang Utan Bukit Merah serta aktiviti 'High Rope Course' yang diberi nama 'Kids & Practice Course' di Laketown Adventure Park.

Motivator jemputan bagi ketiga-tiga siri kem ini adalah dari Selfcure Resources yang diketuai oleh Ustaz Idzhar Jumali yang menamakan sesi motivasi mereka sebagai MUSIKA (Motivasi Ubah Sikap). Di samping memberikan sentuhan motivasi, MUSIKA turut memberi pendedahan kepada anak-anak orang asli mengenali alat muzik tradisional angklung serta memberi mereka peluang mengenali alat-alat muzik moden yang lain.

Program ini antara lain bertujuan untuk menimbulkan kesedaran kepada remaja dan kanak-kanak orang asli dari Kampung Sungai Tiang dan Kampung Sungai Kejar, Royal Belum, Gerik, Perak bahawa bidang muzik adalah salah satu bidang yang boleh diceburi dan diambil serius kerana kemahiran di dalam bidang muzik adalah suatu aset yang boleh menjana pendapatan. Lebih istimewa, siri ketiga kem turut disertai oleh kanak-kanak orang asli dari Kampung Desa Damai, Temengor, Gerik, Perak.

Perancangan Yayasan EMKAY, dengan melalui siri-siri kem ini, kanak-kanak ini nanti mampu diketengahkan dan berkeyakinan untuk membuat persembahan semasa majlis-majlis anjuran Yayasan EMKAY atau lain-lain pihak yang berminat. Pihak yang berminat boleh menghubungi Yayasan EMKAY untuk info lanjut.

### **Two schools in Klang take part in motivational programme organised by Yayasan EMKAY and Al-Hunafa Association**

A two day programme organised by Yayasan EMKAY for the Titian SAMARA participants was held at Bukit Merah Laketown Resort from the 24th to 26th October 2017. Thirty six form two students from Sekolah Menengah Kebangsaan Raja Lumu and Sekolah Menengah Kebangsaan Pemandaran Jaya, Pelabuhan Klang, Selangor took part in the camp.

The camp was held as a show of appreciation for the participants of the Titian SAMARA programme organised by Al-Hunafa Association throughout 2017. Led by En. Suhail bin Mohamed Kamaruddin and team members from the Smart Management Enterprise, the camp is targeted towards inculcating self-motivation, self realisation, leadership, team spirit, respect towards elders and responsibility among the students.

Amongst the topics covered in this 3-day 2-night camps are:

1. Min Aina Ila Aina? (From where to where?)
2. 1001 Potensi (1001 Potential)
3. Rahsia (Secrets)
4. Qalbu (The heart)
5. Manusia Ajaib (Magical Humans)
6. Pelan Tindakan (Action Plan)

In addition to the casual self-motivation approaches, participants were also taken to Laketown Adventure Park for leisure activities namely the Zipmania and Kids & Practice Course. Both of these activities test the physical fitness as well as ability to deal with fear of altitude.

Before the program ends, two participants were given the opportunity to share their experiences and their action plan towards becoming a better person. Representative from Al-Hunafa Association Klang, Tuan Hj Razman bin Abu Bakar stated that the programme was among the best, based on the response received from the participants.

### Dua sekolah di Klang sertai program motivasi Yayasan EMKAY dan Persatuan Al-Hunafa

Yayasan EMKAY telah menganjurkan Program Motivasi untuk peserta Titian SAMARA di Bukit Merah Laketown Resort pada 24 hingga 26 Oktober 2017. Program ini melibatkan penyertaan seramai 36 murid-murid tingkatan 2 dari dua (2) buah sekolah, Sekolah Menengah Kebangsaan Raja Lumu dan Sekolah Menengah Kebangsaan Pendamaran Jaya, Pelabuhan Klang, Selangor.

Objektif utama penganjuran program ini adalah sebagai penghargaan atas penglibatan positif murid-murid dalam program Titian SAMARA kelolaan Persatuan Al-Hunafa Klang sepanjang tahun 2017. Di samping itu, ia juga bertujuan untuk meningkatkan motivasi, keyakinan diri, kepimpinan, semangat kerjasama dan mengajar mereka agar menjadi seorang yang menghormati serta bertanggungjawab melalui pengisian modul di bawah pimpinan Saudara Suhail bin Mohamed Kamaruddin dan pasukan Smart Management Enterprise.

Pengisian modul 3 hari 2 malam ini adalah seperti berikut:-

1. *Min Aina Ila Aina? (Dari mana ke mana?)*
2. *1001 Potensi*
3. *Rahsia*
4. *Qalbu (Hati)*
5. *Manusia Ajaib*
6. *Pelan Tindakan*

Selain pendekatan motivasi diri secara santai, para peserta turut dibawa ke Laketown Adventure Park bagi aktiviti riadah iaitu Zipmania dan Kids & Practice Course. Kedua-dua aktiviti ini menguji kecergasan fizikal serta menguji keupayaan menangani rasa takut pada ketinggian.

Sebelum program ini melabuhkan tirainya, dua peserta program diberi peluang untuk berkongsi pengalaman dan pelan tindakan mereka ke arah menjadi insan yang lebih cemerlang. Wakil dari pihak Persatuan Al-Hunafa Klang, Tuan Hj Razman bin Abu Bakar menyatakan bahawa program ini adalah antara yang terbaik dari aspek respon dan tindakan peserta terhadap pengisian program yang dijalankan.

We hope that the people who visited our booth gained some insights to what we do.

Pn. Hj. Hainon handing over the mock cheque to the school representatives.

**Cyberjaya’s 20<sup>th</sup> year celebration**

Twenty years have passed since the beginning of Cyberjaya’s development. As part of the town’s 20th anniversary celebration, SK Cyberjaya has organised a one day carnival at its school. The carnival featured many interesting activities, including a treasure hunt challenge, booths, stalls and special appearances from Malaysian animation characters.

Yayasan EMKAY representing the EMKAY Group of companies; one of the developers of Cyberjaya was invited to participate by setting up a booth. Yayasan EMKAY featured information on its activities, school uniform donation drive and handicrafts by the Orang Asli. The foundation’s booth was also a pit-stop for clues for the treasure hunt challenge that was held on the day.

The highlight of the day was the handing over of cheque by Yayasan EMKAY to SK Cyberjaya for the building of a roof for their assembly area. The mock cheque amounting RM200,000 which was donated by the EMKAY Group, Setia Haruman Sdn. Bhd. and the OBYU Group was handed over to the representative of the Parent / Teachers’ Association by Pn. Hj. Hainon Kasim, CEO of Yayasan EMKAY.

The school is today proud to inform that the construction of the roof for its assembly area has been completed and ready for the students on the first day of 2018 school year calendar.

(Right)

Token of appreciation from YBhg Tan Sri Mustapha Kamal to Mr Ho Chu Chuan.

The attendees together with Mr Ho, during the intimate farewell event.

**Bidding our Legal Advisor, Mr Ho Chu Chuan farewell**

Mr. Ho Chu Chuan has been the Legal Advisor to the three foundations since its inception. His boundless guidance and counsel on legal issues have helped the foundations to be where it is today.

As Mr Ho has decided to retire and spend quality time with his family and friends, the three foundations together with its Board of Trustee Chairman Tan Sri Datuk (Dr) Hj Mustapha Kamal Hj Abu Bakar has organised a small tea get-together on the 7th of December 2017. The event was organised to show our appreciation and to thank Mr Ho for all that he has done for the foundations as a friend, colleague, leader, educator and best of all, teacher.

We at the foundations wish Mr Ho a happy retirement and all the best in his future plans!

Para pelajar melawat Belum Discovery Centre dan Galeri Banding.

### Program lawatan pelajar ke Belum Discovery Centre dan Galeri Banding

Program terakhir Yayasan EMKAY melibatkan SK RPS Banun (Komperensif 9), Gerik, Perak bagi tahun 2017 ialah program lawatan ke Belum Discovery Centre (BDC) dan Galeri Banding. Program lawatan ini bertujuan untuk membolehkan 40 orang pelajar Orang Asli ini mendapat maklumat dan pengetahuan mengenai kerja-kerja penyelidikan serta laluan kerjaya di dalam bidang yang berkaitan sains dan ekologi semasa sesi lawatan ke Pulau Banding Rainforest Research Centre dan BDC.

Para pelajar kemudiannya di bawa ke Galeri Banding, kubu pemerhati yang telah dipulihara dengan bantuan Muzium Tentera Darat dan Kumpulan EMKAY. Di sini, para pelajar didedahkan tentang sejarah pengorbanan anggota tentera yang telah menentang dan mempertahankan aset negara daripada ancaman komunis semasa era darurat.

Harapan Yayasan EMKAY, dengan adanya pendedahan di pusat-pusat ilmu yang berhampiran dengan sekolah ini akan menimbulkan minat para pelajar untuk terus belajar dan meluaskan pandangan mereka tentang kerjaya di masa akan datang. Program lawatan yang dijayakan oleh Pulau Banding Foundation, Belum Rainforest Resort dan Yayasan EMKAY ini akan diteruskan di masa akan datang agar pendedahan sama dapat diberikan kepada semua pelajar SK RPS Banun.

Delegasi bersama kanak-kanak PPip Sungai Kejar.

Cik Azlina Ahmad Kamal bersama kanak-kanak di PPip Sungai Tiang.

### Delegasi UNICEF Malaysia ke Perpustakaan Permainan 'i-play' di Belum-Temengor

Delegasi UNICEF Malaysia telah meluangkan masa melawat keempat-empat Perpustakaan Permainan 'i-play' (PPip) yang telah dibangunkan oleh Yayasan EMKAY di kawasan Belum-Temengor dari 5 hingga 7 Oktober 2017. Delegasi yang disertai oleh dua orang pegawai diketuai oleh Cik Azlina Ahmad Kamal, Pakar Pendidikan UNICEF Malaysia.

Delegasi telah dibawa ke PPip untuk melihat sendiri program pendidikan yang dijalankan oleh Yayasan EMKAY sejak 2008. Delegasi menyatakan rasa kagum dengan penubuhan PPip di hutan ini dan perkembangan kanak-kanak melalui program-program di PPip.

Sebelum bergerak ke Belum-Temengor, delegasi ini telah mendengar taklimat dan penerangan mengenai program-program pendidikan serta latihan kemahiran Yayasan EMKAY untuk komuniti Belum-Temengor yang disampaikan oleh Puan Hj Zainon Kasim, Ketua Pegawai Eksekutif Yayasan EMKAY dan turut dibawa melawat ke Galeri 'The Foundations' di Damansara Perdana.

Fakta - Di kawasan Belum-Temengor, terdapat empat (4) buah Perpustakaan Permainan 'i-play' di perkampungan Orang Asli berikut :-

- Kampung Sungai Tiang, Royal Belum
- Kampung Sungai Kejar, Royal Belum
- Kampung Semelor, Temengor
- Kampung Desa Damai, Temengor

Kem Gempur Gemilang di Bukit Merah Laketown Resort, Perak.

Kem Intensif & Motivasi UPSR di Selangor.

Kem Intensif & Motivasi UPSR di Selangor.

### Kem Intensif dan Motivasi UPSR & PT3, 2017

Sebagai sebahagian daripada persediaan terakhir bagi murid-murid yang bakal menduduki peperiksaan Ujian Pencapaian Sekolah Rendah (UPSR) dan Penilaian Tingkatan 3 (PT3), Yayasan EMKAY telah menganjurkan beberapa siri Kem Intensif dan Motivasi melibatkan beberapa sekolah. Antaranya kem untuk para pemenang Liga Bola Sepak Piala Tan Sri Datuk (Dr.) Hj Mustapha Kamal bawah 12 tahun yang telah berlangsung dari 14 hingga 16 Julai 2017 di Hotel ibis Styles di Sri Damansara.

Seramai 87 orang murid dari lima (5) buah sekolah yang telah memenangi Liga Bola Sepak ini menyertai kem 3 hari 2 malam yang padat dengan slot motivasi dan persediaan menghadapi peperiksaan. Antaranya, termasuklah Slot Teknik & Strategi Menjawab Soalan UPSR oleh penceramah jemputan serta Sesi Motivasi bersama Ustaz Idzhar Jumali dan Cikgu Jinggo.

Majlis Penutupan dan Penyampaian Sijil Penyertaan yang berlangsung di Menara Mustapha Kamal telah disempurnakan oleh Encik Zaid bin Zakaria, Ketua Penolong Pengarah Bahagian Sukan, Kementerian Pendidikan Malaysia. Encik Zaid dalam ucapannya menyatakan syabas dan terima kasih kepada pihak Yayasan EMKAY atas penganjuran Liga dan imbuhan liga yang terarah kepada pendidikan serta selaras dengan matlamat Kementerian Pendidikan agar menghasilkan murid yang mencapai keseimbangan dalam kedua-dua bidang iaitu cemerlang dalam bidang akademik dan sukan.

Program Pecut UPSR di Ombak Villa, Langkawi.

Program Pecut UPSR di Ombak Villa, Langkawi.

Kem Intensif & Motivasi UPSR di Selangor.

Sesi seumpamanya turut dijalankan Ombak Villa, Langkawi pada 14 hingga 15 Julai 2017 melibatkan 40 orang pelajar tahun 6 dari Sekolah Kebangsaan Ulu Melaka dan Sekolah Kebangsaan Padang Matsirat.

Sesi kem seterusnya telah dijalankan di Bukit Merah Laketown Resort pada 24 hingga 25 Julai 2017 melibatkan para pelajar yang menduduki UPSR dari dua (2) buah sekolah di daerah Kerian iaitu Sekolah Kebangsaan Kampung Selamat, Semangol dan Sekolah Kebangsaan Alor Pongsu, Bagan Serai, Perak. Di samping kem intensif & motivasi ini, pihak Yayasan EMKAY turut menyalurkan peruntukan melalui pembelian alat bantuan mengajar dan bantuan kelas-kelas tuisyen untuk para pelajar di kesemua sembilan (9) buah sekolah yang bermula dari bulan Mei hingga awal September 2017.

Di Hulu Perak pula, Yayasan EMKAY dengan kerjasama ahli Kumpulan Ikatan Demi Orang Asli (i-DOA) telah mengadakan sesi motivasi, slot peluang pendidikan selepas PT3 dan laluan kerjaya kepada para pelajar Orang Asli Sekolah Kebangsaan RPS Banun (Sekolah Komprehensif 9) yang menduduki peperiksaan PT3 pada 29 September 2017.

Melalui usaha berterusan guru-guru dan sokongan daripada pihak Yayasan EMKAY, peratus pencapaian pelajar yang berada di dalam kategori galus dan/atau gagal dalam program UPSR telah berkurangan sebanyak 40%, sekali gus menepati sasaran program. Pihak Yayasan EMKAY mengucapkan syabas dan tahniah atas kejayaan para pelajar dalam keputusan peperiksaan masing-masing dan mendoakan kejayaan yang lebih cemerlang pada masa-masa akan datang.

Wakil pelajar SK Penderas memakaikan anyaman daun pada tetamu jemputan pada sesi lawatan dan penerangan program pada 10 Oktober 2017.

Sesi gotong royong di PPip dengan bantuan guru-guru dan petugas SK Penderas serta sukarelawan Yayasan EMKAY.

Bahagian PPip yang telah siap dibangunkan dan sedia menerima kunjungan murid-murid SK Penderas.

### Penubuhan Perpustakaan Permainan pertama untuk Sekolah Orang Asli di Pahang

Yayasan EMKAY sekali lagi diundang oleh Yayasan Sarana Pendidikan Malaysia (YSPM) untuk terlibat dalam menjayakan program pembangunan pendidikan masyarakat Orang Asli dan buat pertama kalinya melibatkan anak-anak Orang Asli dari komuniti Jah Hut di Sekolah Kebangsaan Penderas, Kuala Krau, Temerloh, Pahang.

YSPM yang sememangnya sangat komited untuk membangunkan pendidikan melibatkan golongan sasaran ini telah menyelaraskan satu sesi lawatan serta penerangan mengenai projek bantuan perpustakaan di bawah program YSPM dengan kerjasama Pejabat Pendidikan Daerah Temerloh dan rakan sinergi seperti Perbadanan Kota Buku.

Sesi penerangan yang dijalankan pada 10 Oktober 2017 di SK Penderas telah dipengerusikan oleh YBhg. Tan Sri Dato' Seri Abd. Ghafar Mahmud, Mantan Ketua Pengarah Pendidikan Malaysia (KPPM) merangkap Pengerusi YSPM. Pada sesi sama, Puan Hjh Zainon Kasim, Ketua Pegawai Eksekutif, Yayasan EMKAY turut menyampaikan taklimat kepada pihak sekolah mengenai projek penubuhan Perpustakaan Permainan i-play (PPip).

Perpustakaan permainan ini kemudiannya telah ditubuhkan pada 14 November 2017 di dalam bangunan Pusat Sumber SK Penderas. Terima kasih diucapkan kepada guru-guru dan petugas SK Penderas serta sukarelawan Yayasan EMKAY di atas sumbangan tenaga dan masa sehingga lengkap penubuhan PPip ini.

Adalah diharapkan agar fasiliti PPip yang telah diwujudkan ini dapat menyediakan satu persekitaran yang kondusif serta menarik minat kanak-kanak untuk belajar seiring dengan pendekatan santai yang digunakan di PPip iaitu pendekatan 'belajar melalui bermain'. Dengan adanya program pembangunan pusat sumber ini, secara tidak langsung pencapaian akademik para pelajar orang asli di SK Penderas dapat dipertingkatkan.

Terima kasih diucapkan kepada sukarelawan Kolej Vokasional ERT Setapak.

Gambaran terkini bahagian luar bangunan Perpustakaan Permainan 'i-play' di Kampung Sungai Tiang, Royal Belum, Perak.

### Sentuhan kreatif sukarelawan serikan bangunan Perpustakaan Permainan

Para sukarelawan Yayasan EMKAY sekali lagi turun padang dan mencurahkan kreativiti mereka melalui penghasilan lukisan mural yang kelihatan segar serta menceriakan di dua buah Perpustakaan Permainan 'i-play' (PPip) yakni di Sekolah Kebangsaan Alor Pongsu, Bagan Serai, Perak dan di Kampung Sungai Tiang, Royal Belum, Perak.

Perpustakaan Permainan di Sekolah Kebangsaan Alor Pongsu menerima sentuhan kreatif tujuh artis dari Kolej Vokasional ERT Setapak dari kelas 1DJFS2. Lukisan bertemakan pemandangan di taman dan di dasar laut ini diharap dapat menjadikannya sebagai tarikan murid-murid, guru-guru serta ibu bapa untuk hadir ke PPip ini. Turut sama dalam penghasilan mural ini ialah sukarelawan dari PPip SK Alor Pongsu, Jabatan Tenaga Kerja Negeri Perak dan kakitangan di Bukit Merah Laketown Resort.

Tidak ketinggalan, pensyarah dan pelajar Universiti Selangor (UNISEL) serta guru-guru dari TADIKa Seni & Kreatif memberikan sentuhan kreatif mereka pada bahagian hadapan bangunan Perpustakaan Permainan di Kampung Sungai Tiang. Mural di perkampungan Orang Asli Sungai Tiang ini pula bertemakan haiwan di hutan dan turut diserikan dengan lukisan huruf serta nombor.

Jutaan terima kasih diucapkan kepada para sukarelawan yang telah menyumbangkan kreativiti, tenaga serta masa mereka dalam menghasilkan mural yang kini telah menyerikan lagi bangunan Perpustakaan Permainan.

Penyerahan kotak permainan kepada PKPI SMK Pengkalan Aur.

Kakitangan Yayasan EMKAY memberi taklimat penggunaan kotak-kotak permainan kepada guru-guru PKPI SMK Pengkalan Aur.

### Program Pendidikan Khas Integrasi SMK Pengkalan Aur terima kotak permainan

Program Pendidikan Khas Integrasi atau dikenali sebagai PKPI merupakan satu kemudahan buat murid berkeperluan khas untuk memberi mereka peluang untuk mendapat akses pendidikan yang relevan dan sesuai. Melalui PKPI, bakat dan potensi murid diperkembangkan melalui pendidikan vokasional bagi menghasilkan insan yang berkemahiran ke arah meningkatkan kualiti hidup mereka.

PKPI SMK Pengkalan Aur, Taiping, Perak telah menerima sumbangan dua kotak permainan dari Yayasan EMKAY setelah dikenalpasti memerlukan peralatan permainan baharu dan alat mainan yang bersesuaian untuk murid berkeperluan khas semasa lawatan pegawai Yayasan EMKAY ke sekolah tersebut sebelum ini.

Sumbangan kotak-kotak permainan ini telah disampaikan oleh Ketua Pegawai Eksekutif Yayasan EMKAY, Puan Hjh Zainon Kasim kepada wakil sekolah pada bulan 26 Julai 2017. Turut hadir pada sesi penyerahan ini ialah En Rahmat bin Ismail, Pengarah Jabatan Tenaga Kerja Negeri Perak. Pada hari sama, kakitangan Yayasan EMKAY turut memberi taklimat penggunaan alat mainan kepada guru-guru yang bertugas di PKPI SMK Pengkalan Aur.

Sesi foto berkumpul di akhir sesi slot motivasi dan refleksi.

Para peserta memperlihatkan hasil kerja tangan seperti gelang, rantai dan rantai kunci dari manik.

### Program Motivasi Remaja Wanita Orang Asli di Pulau Pinang

Satu program kolaborasi dan kerjasama antara pihak Jabatan Tenaga Kerja Negeri Perak, Jabatan Kemajuan Orang Asli Negeri Perak serta Yayasan EMKAY telah dijalankan pada 25 hingga 27 Ogos 2017. Program ini melibatkan 36 remaja wanita Orang Asli dari empat buah kampung Orang Asli iaitu dari Kampung Sungai Tiang, Kampung Semelor dan Kampung Sungai Raba, Belum-Temengor, Gerik serta dari Kampung Bukit Cermin, Sungai Siput, Perak.

Program ini bertujuan untuk menimbulkan kesedaran di kalangan remaja wanita Orang Asli tentang pelbagai bidang yang boleh mereka ceburi dan diambil serius kerana kemahiran di dalam bidang-bidang berkenaan adalah suatu aset yang boleh menjana pendapatan. Para fasilitator juga memberi fokus untuk membina keyakinan mereka untuk keluar dari persekitaran kampung, bergaul serta berkomunikasi dengan peserta dari suku kaum berbeza.

Program motivasi ini telah berlangsung di Hotel Seri Malaysia, Bayan Baru, Pulau Pinang. Ia melibatkan beberapa pengisian slot motivasi dan pendedahan seperti slot kesedaran pendidikan dalam masyarakat Orang Asli, penjagaan kecantikan dan kesihatan diri, menjana pendapatan melalui kemahiran dan minat serta sesi motivasi 'Saya boleh berjaya!'. Fasilitator jemputan bagi slot-slot tersebut adalah terdiri daripada ikon Orang Asli yang telah berjaya serta berkeyakinan dan kini sedang berusaha keras membina empayar perniagaan mereka.

Saudara Nazra bin Basir, salah seorang fasilitator program motivasi ini.

Sesungguhnya, program motivasi dan lawatan ke Bukit Bendera, Pantai Miami dan juga ke Perpustakaan Kanak-Kanak Pulau Pinang telah memberi pengalaman baru buat para peserta yang rata-ratanya, buat pertama kalinya keluar dari kampung masing-masing dan diberikan pendedahan seperti ini.

Jutaan terima kasih diucapkan kepada Perbadanan Bukit Bendera Pulau Pinang atas penajaan tiket kereta api bagi kesemua peserta dan fasilitator program ini. Jutaan terima kasih juga diucapkan kepada Perpustakaan Kanak-Kanak dan Perbadanan Perpustakaan Awam Pulau Pinang di atas kesudian menerima kunjungan serta menjalankan aktiviti origami bersama para peserta program.

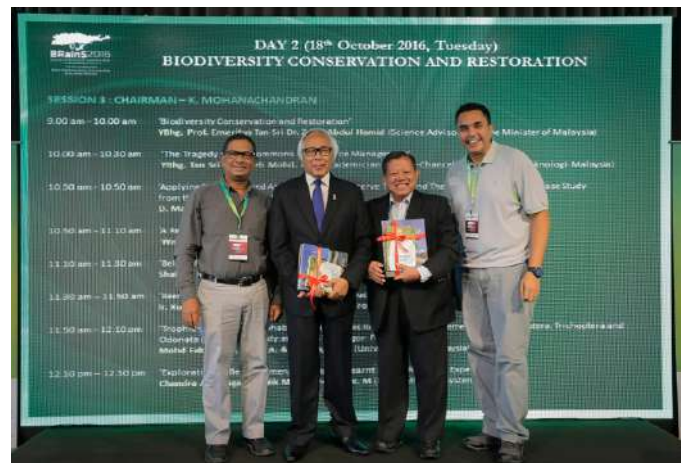

Pulau Banding Rainforest Research Centre (PBRRC).

Belum Discovery Centre (BDC).

The Belum-Temengor Scientific Expedition.

Belum Rainforest Summit (BRainS) 2016.

## Pulau Banding Foundation's 10 years' milestone

Pulau Banding Foundation (PBF), a brainchild of the Chairman and Founder of the EMKAY Group, Tan Sri Hj. Mustapha Kamal was incorporated on 7 November 2007 with a mission to promote sustainable development of the rainforest ecosystem of Belum-Temengor Rainforest Complex (BTRC). PBF's aims are to promote, undertake as well as perform research and studies on tropical rainforest. PBF also conducts man-power training and disseminate knowledge to the public. To ensure that the aspiration and preservation work follows through, PBF also established the following basic facilities within its three acre site at Pulau Banding, Gerik:

1. Pulau Banding Rainforest Research Centre (PBRRC)
2. Pulau Banding Dormitory (PBD)
3. Belum Discovery Centre (BDC)

PBRRC, established on 1 March 2008 provides facilities for research work on BTRC and has initiated linkages and networking with more than 20 local and international research institutes as well as universities. PBD, established on 30 July 2012 provides accommodation for at a reasonable cost for researchers and scientists to stay and carry out their research activities within BTRC. BDC, established on 30 December 2013 provides facilities for visitors to obtain firsthand information on BTRC and rainforest ecosystem. Sime Darby Foundation, The Prime Ministers Department and EMKAY Group are the major donors for all the building assets found on the Pulau Banding Island.

Since its inception 10 years ago, PBF has contributed significantly to conservation and eco-tourism activities at BTRC, Gerik, and Perak, Malaysia. PBF has been involved actively in conservation and awareness programmes for all walks of life including school children, local communities and the

general public. PBF is assisted by the Perak State Government of Malaysia and Northern Corridor Implementation Authority (NCIA) to develop the Consultant's TOR to develop a 10 year Integrated Master Plan for Belum-Temengor. This was one of the much needed objectives to sustainably manage the Belum-Temengor Forest Complex and is one of the significant contributions of PBF on conservation of BTRC. Other activities that PBF has undertaken during the last 10 years were raising funds to organize the two scientific expeditions to BTRC in 2012 and 2015 involving a total of 350 research teams and support staff. PBF also has provided R&D grants to more than 10 local and international postgraduate students since 2008. In 2016 alone PBF has facilitated about 140 researchers and students in their field and research works within BTRC itself.

In 2013, PBF in collaboration with PERHILITAN and Perak State Park organized the First Green Batch Forest Guide Course, a special course to train the guides to take visitors within Belum-Temengor forest vicinity. PBF in collaboration with UNDP has also participated actively in a number of local and international programmes on conservation such as Biodiversity Financing (BIOFIN) and Protected Area (PA) Financing.

Under the education and awareness programme on nature and environment for schoolchildren, PBF works closely with Yayasan EMKAY on a programme called Green Ranger Malaysia in which more than 2000 students and 110 primary and secondary schools have participated in.

Belum Rainforest Summit (BRainS) was successfully conducted from the 17 – 22 October 2016. This event marked a milestone for PBF as it was the first time it collaborated with other NGOs, government agencies and state government. The event created a platform to share views and experiences with international participants on issues and solutions faced by Tropical Forest around the world.

### **BRainS 2018 (7-9 May 2018)**

The Belum-Temengor Rainforest Complex (BTRC) is one of the oldest rainforests on the planet, at more than 130 million years old. This ancient refuge is home to many endangered species including the Malayan tiger, Asian elephant, Malayan tapir and the Rafflesia flower – all of which are recognisable icons of Malaysia's biodiversity. It is also the only location in the country where all 10 species of Malaysia's hornbills can be found.

Much work has been done to safeguard this natural treasure by the state government, local communities, NGOs, scientists and activists. The gazettement of the Royal Belum State Park as a protected area was a major milestone in conservation as was the acceptance of the State Park as a candidate World Heritage Site by UNESCO. But there is still much more to be done. Poaching and habitat loss threaten the survival of this ancient but fragile rainforest.

Since its inception 10 years ago, we, the Pulau Banding Foundation (PBF), have worked to promote the BTRC through outreach campaigns both locally, with students and residents around the rainforest, and internationally, by working with our partner organisations such as the International Union of Forest Research Organizations (IUFRO). We fully support the goals of the United Nations Environmental Programme (UNEP) for sustainable use of rainforest resources, which is why we champion ecotourism as a means of promoting the BTRC as well as generating revenue for those whose livelihood depends on what the rainforest offers. In addition, we also organise scientific expeditions into the BTRC periodically as there is still so much to discover about it.

Even though our efforts have made significant progress in promoting the BTRC to a wider audience, we have decided to take one step further in our conservation plans by organising our very own conference. Our intention was to invite the best minds in conservation, biology, forestry and public policy to come together and share their knowledge on how we can protect our planet's rainforests while using it in a sustainable manner – with a special focus on the BTRC of course.

We are pleased to report that the inaugural Belum Rainforest Summit (BRainS) 2016 brought together more than 100 conservationists, researchers and policymakers from across Malaysia and the world to Pulau Banding – the gateway to Royal Belum. After a week of engaging presentations and panel discussions, we produced the Belum Rainforest Blueprint – a document outlining four key issues affecting the Belum-Temengor rainforest and tangible solutions for addressing them.

We are pleased to announce that based on the success of BRainS 2016, we would be continuing the discussions at the Belum Rainforest Summit 2018. BRainS 2018 will be held from 7-9 May 2018 and will be hosted at the same venue as the first BRainS – the Belum Rainforest Resort on Pulau Banding. BRainS 2018 will also celebrate the 10th anniversary of PBF.

We expect the next Summit to welcome over 100 attendees representing government officials, research scientists, conservationists, NGOs, community leaders and policy makers. A dynamic mix of discussion panels, insightful presentations and enhanced networking opportunities will once again highlight the issues affecting the BTRC, especially with regards to what was put forward in the Belum Rainforest Blueprint.

#### **BRainS 2018 will focus on the following themes:**

1. Biodiversity and ecosystem services
2. Social forestry and community
3. Wildlife conservation
4. Stakeholder participation and governance

Once again, we are working closely with our partners in government and non-governmental organisations as well as other stakeholders of the BTRC. Our collaborators on BRainS 2018 include EMKAY Group, the Forest Research Institute Malaysia (FRIM), Perak State Government, Perak State Park, Malaysian Nature Society (MNS) and World Wildlife Fund (WWF).

We cordially invite anyone with an interest in rainforest conservation, sustainable forestry and public policy to be a part of the discussion with us at the upcoming Belum Rainforest Summit. Rainforests are our planet's gift to us but it is a gift that must not be squandered. Join us. Get involved. Save our rainforest.

(ABOVE)  
Students were briefed on the Orang Utan Island Foundation activities, though their eyes are already on the orangutan.

(LEFT)  
The Dautsey's School's students touring the island.

**Education Programmes**

In the second half of the 2017, Bukit Merah Orang Utan Island Foundation continues to conduct educational programmes for school children. Our young visitors were taken around the island to see the orangutans and briefed about the importance of protecting these endangered primates. Apart from this, they also took part in various conservation activities such as conservation puzzles, quizzes, and drawing competition.

The highlight of the programme in the second half of 2017 is the visit from an international independent school from the UK- the Dautsey's School and an orphanage from the state of Perlis who was also accompanied by the Raja Muda Perlis.

Visit by the Raja Muda Perlis  
YAM Syed Sirajuddin Areeb Putra Jamalullail.

Dr. D. Sabapathy demonstrating the blood collection procedure to the students.

Nur Shuhada, a veterinary nurse briefing the students on the medical equipment used on the island.

### Veterinary Medicine Workshop

The veterinary medicine workshop is a workshop conducted for veterinary students from local and foreign schools, colleges and universities at the Orang Utan Island. Dr. D. Sabapathy, the Chief Executive Officer and Veterinary Surgeon of the Bukit Merah Orang Utan Island Foundation led the workshop by demonstrating the veterinary medicine procedures to the students.

25 students of the Villa High School of Maldives took part in this workshop which was held on the 25th July 2017. It is hoped that the students benefit from the workshop and share the knowledge imparted to them by the foundation with their counterparts.

Briefing the delegates on conservation efforts during the island tour.

### MPOC Visit

Malaysian Palm Oil Council paid a visit to the Orang Utan Island on the 2nd of August 2017. Led by its Chief Executive Officer, Dr. Kalyana Sundram and accompanied by delegates from USA and Canada, the guests were given a tour and briefing by Dr. D. Sabapathy.

Sesi taklimat program dan aktiviti Green Ranger Malaysia di SMK Seri Budiman.

### Pendedahan program GRM kepada sekolah-sekolah di Gerik

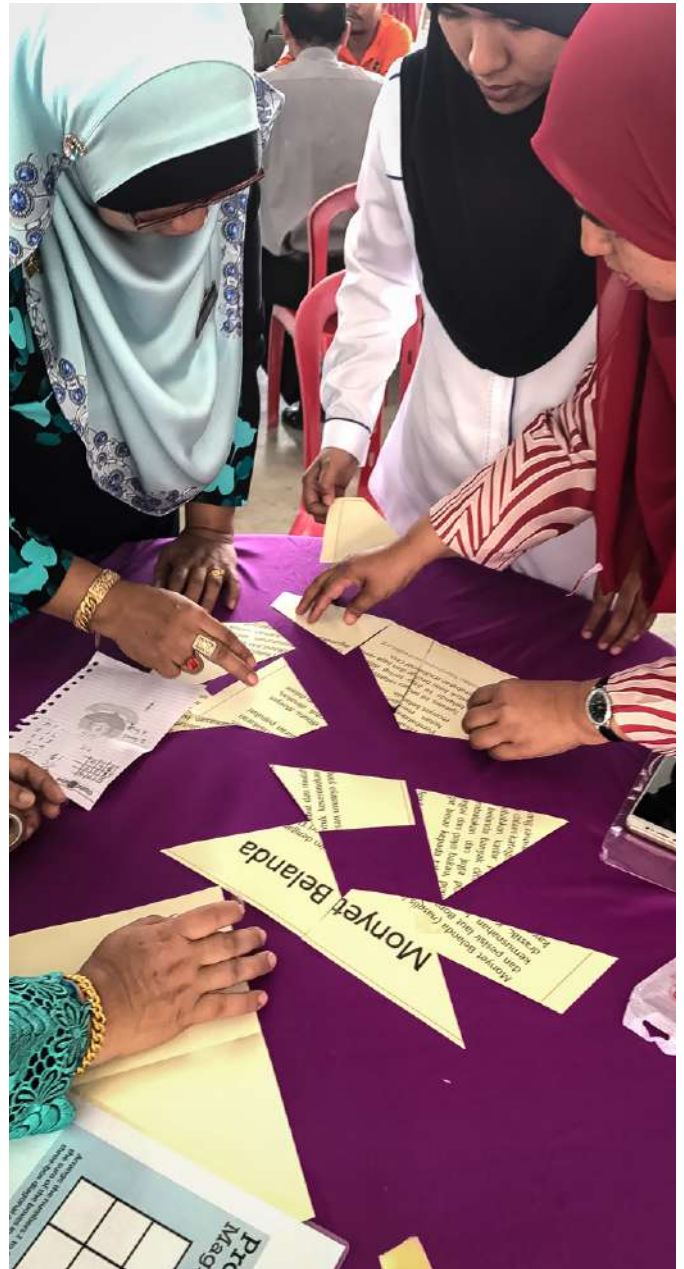

Program Green Ranger Malaysia (GRM) yang menyambut ulang tahun ke-5 penubuhan pada Julai 2017 yang lalu mensasarkan beberapa pendekatan baharu seiring dengan kemajuan teknologi dan perkembangan semasa. Antaranya termasuklah sistem pengurusan pembelajaran atau JungleBook, sistem pelencanaan dan kem khusus berkaitan isu-isu global seperti kem mengenai pemuliharaan haiwan terancam khususnya berkaitan isu-isu kepupusan harimau atau dikenali sebagai GRM Pugmark Super Camp.

Pasukan Yayasan EMKAY dan Rainwalker Ecosystems Sdn Bhd telah menjalankan sesi taklimat dan aktiviti GRM yang melibatkan hampir 60 orang pengetua, guru besar dan penolong kanan kokurikulum sekolah-sekolah dari sekitar Gerik. Program ini turut disertai oleh para pegawai dari Pejabat Pendidikan Daerah Hulu Perak (PPD) pada 19 Julai 2017 di Sekolah Menengah Kebangsaan Seri Budiman.

Program ini juga adalah susulan daripada sesi perjumpaan dengan Tuan Timbalan PPD Hulu Perak, Encik Nasaruddin bin Zakaria pada 12 April 2017 yang bersetuju agar masyarakat tempatan Gerik turut didedahkan dengan isu-isu alam sekitar, pemeliharaan dan pemuliharaannya. Ia juga adalah sebagai salah satu usaha GRM untuk memberi pendedahan berkaitan kem dan aktiviti yang boleh kepada komuniti yang berdekatan dengan Hutan Belum-Temengor.

Dua (2) buah sekolah dari Gerik telah diberi peluang untuk menyertai kem GRM di Laketown Adventure Park, Bukit Merah, Perak pada tahun 2017. Kem GRM Hornbill melibatkan 35 orang pelajar Orang Asli dari Sekolah Kebangsaan RPS Banun (Sekolah K9) telah dijalankan pada 28 hingga 30 April 2017 sementara kem yang melibatkan 35 orang pelajar SK Felda Lawin Selatan telah dijalankan pada 3 hingga 5 November 2017.

Yayasan EMKAY mensasarkan beberapa lagi siri kem melibatkan sekolah dan para pegawai dari Daerah Gerik pada tahun 2018 seiring inisiatif Program Pembangunan Pendidikan dengan kerjasama PPD Hulu Perak.

Guru-guru mengambil bahagian di dalam aktiviti-aktiviti yang dijalankan untuk peserta-peserta kem GRM.

Peserta SK Felda Lawin mengambil bahagian dalam kem Green Ranger Malaysia (GRM).

Demonstration of camera traps.  
*Demonstrasi pemasangan kamera perangkap.*

Water confidence activity is part of the camp module to help participants to get over the fear of water.  
*Aktiviti keyakinan dalam air turut dijalankan sebagai sebahagian dari modul kem supaya peserta dapat mengatasi rasa takut berada di dalam air.*

Group photo of the participants, speakers, facilitators and organisers with En. Fakhru Hatta after the closing ceremony.  
*Gambar berkumpul peserta, penceramah, fasilitator, dan penganjur bersama En. Fakhru Hatta selepas majlis penutupan.*

Participants presenting their ideas on how to spread awareness on tigers.  
*Para peserta membentangkan cara menyebarkan kesedaran tentang harimau.*

## Pugmark Supercamp

Pugmark is the term used to refer to the footprint of most animals, and every individual animal species has a distinct pugmark which is used for identification ("Pugmark", n.d.).

Green Ranger Malaysia (GRM) successfully organised its first Supercamp, focusing on tigers and the issues surrounding it. The camp was held from the 13th - 15th October 2017 at Belum Adventure Camp (BAC), Pulau Banding, Gerik.

Why tigers? Tigers are a near-extinct species in the Belum-Temengor Forest and GRM would like to create awareness to the local community as well as to the Belum-Temengor stakeholders on the issues faced by the tigers in Malaysia. It is also to reduce forest encroachments in the Belum-Temengor Forest area.

Thirty seven participants from the Department of Orang Asli (JAKOA), District Education Department, Perak State Parks Corporation, District Land office, PERHILITAN, Fire Department, local media practitioners and the local youth council took part in the three days camp.

Throughout the camp, participants learned about the biology of tigers, its behaviour, and the current issues and legal provisions in Malaysia. They also discussed ways on how they can create awareness about tigers in their respective organisations. Participants were also encouraged to act as anti-poaching advocates and to provide poaching information should they come across it.

The camp came to an end with the closing and certificate presentation ceremony, officiated by En. Fakhru Hatta bin Musa, Deputy Director General I, Department of Wildlife and National Parks (PERHILITAN) Peninsular Malaysia.

"Pugmark" merupakan istilah yang digunakan untuk merujuk kepada jejak kaki kebanyakan haiwan, dan setiap spesies haiwan mempunyai jejak kaki yang berbeza yang boleh digunakan untuk mengenalpasti haiwan tersebut ("Pugmark", n.d.).

Green Ranger Malaysia (GRM) telah berjaya menganjurkan Supercamp pertama, yang memberi fokus kepada harimau dan isu-isu yang berkaitan dengannya. Kem ini telah diadakan dari 13 hingga 15 Oktober 2017 di Belum Adventure Camp (BAC), Pulau Banding, Gerik.

Mengapa harimau? Harimau merupakan salah satu spesies haiwan yang hampir pupus di Hutan Belum-Temengor dan GRM ingin menimbulkan kesedaran tentang isu ini, isu-isu yang dihadapi oleh harimau di Malaysia dan untuk mengurangkan pencerobohan hutan di kawasan hutan Belum-Temengor kepada masyarakat setempat dan juga kepada pihak berkepentingan di kawasan Belum-Temengor.

Seramai tiga puluh tujuh orang peserta dari Jabatan Kemajuan Orang Asli (JAKOA), Pejabat Pendidikan Daerah, Perbadanan Taman Negeri (PTN) Perak, Pejabat Tanah dan Daerah, PERHILITAN, Jabatan Bomba, pengamal media tempatan dan wakil-wakil belia tempatan turut mengambil bahagian dalam kem tiga hari ini.

Sepanjang kem, para peserta mempelajari tentang biologi harimau, tingkah laku, dan isu-isu semasa serta peruntukan undang-undang di Malaysia. Mereka juga membincangkan kaedah meningkatkan kesedaran tentang isu-isu harimau kepada organisasi masing-masing. Peserta juga digalakkan untuk bertindak sebagai penyokong anti-pemburuan dan memaklumkan kepada pihak berkaitan jika mereka mendapat tahu tentang sebarang kes pemburuan.

Perkemahan Pugmark Supercamp ini diakhiri dengan majlis penutupan dan penyampaian sijil yang disempurnakan oleh YBrs. En. Fakhru Hatta bin Musa, Timbalan Ketua Pengarah I, Jabatan Perlindungan Hidupan Liar dan Taman Negara (PERHILITAN) Semenanjung Malaysia.

The presentation of the K.I.t.E School Sustainability Programme findings is also a way to cultivate the art of speaking in front of a crowd. *Pembentangan dapatan kajian Program Kelestarian Sekolah K.I.t.E juga merupakan satu cara untuk melatih pelajar untuk bercakap di hadapan orang ramai.*

Mentors/scientist who are specialist in their respective fields impart their knowledge to participants throughout the camp. *Para mentor/saintis yang pakar dalam bidang masing-masing berkongsi pengetahuan dengan para peserta sepanjang kem.*

The students were also taken to the Matang Mangrove Conservation Centre and the charcoal factory in Matang, Perak to gain some insights on the importance of mangrove conservation.

*Para peserta turut dibawa ke Pusat Konservasi Paya Bakau dan kilang arang di Matang, Perak untuk mempelajari tentang kepentingan memelihara Paya Bakau.*

### Kids Interactive Expedition (K.I.t.E) 2017

Kids Interactive Expedition (K.I.t.E), a yearly scientific and environmental camp organised by Green Ranger Malaysia (GRM) was successfully held from the 19-26 November 2017. The 4th edition of this programme was attended by 110 participants (including teachers) from 12 states in Peninsular Malaysia. The expedition received entries from 37 schools compared to only 20 schools in 2016.

What makes this year's camp different is that it was held in two different locations. The secondary school camp was held at Belum Adventure Camp (BAC), Pulau Banding, Gerik on 19-22 November 2017 whilst the camp for primary school was held at Laketown Adventure Park (LAP), Bukit Merah, Perak on 23-26 November 2017.

To inject new elements into the module, GRM has introduced the KSSP (K.I.t.E School Sustainability Programme) assignment to all participating schools / contingent. Participants were given a month to carry out this assignment and to prepare a report which was presented on the last day of the expedition.

Among the assignment titles given to the participants are:

1. Electrical usage
2. Water usage
3. Waste management audit
4. 3R Project "upcycling"
5. Use of social media in environmental communication

Every school/contingent is required to choose any one topic from the given list. The objective of this task is to create awareness and interest among the participants about sustainability through the planning, implementation and the review of sustainability methods used on a daily basis at their respective schools. Through this assignment, it is hoped that each participant gain basic knowledge on sustainability and be able to practice what they have learned.

GRM also receives support from scientists/mentor from Universiti Sains Malaysia, Universiti Putra Malaysia and PERHILITAN who shared their expertise in their various fields, in the implementation of experiments on Fungi and mammals throughout the 4 days programme.

K.I.t.E is fully supported by the Ministry of Education Malaysia (MOE) since its beginning in 2014. This year, the closing ceremony and presentation of certificates to participants for the Pioneer and Navigator groups was officiated by YBhg Pn. Rozainum Binti Ahmad, Director of the Co-Curriculum and Arts Division, MOE. Guests were also entertained by a solo and a group performance by SK RPS Banun students, Gerik, Perak. Sonia binti Ramli presented a song titled 'Setiaku Pasti' originally by Farah Hezel while a group of form 1 and form 2 students known as the Zumba Girls performed a dance to the song 'Shape of You' by Ed Sheeran.

*Puan HjH Rozainum Ahmad (berdiri dua dari kanan) bergambar bersama wakil Pejabat Pendidikan Daerah Hulu Perak, Guru Besar, guru pengiring dan para pelajar SK RPS Banun di majlis penutupan K.I.t.E 2017.*

### Kids Interactive Expedition (K.I.t.E) 2017

Kids Interactive Expedition (K.I.t.E) anjuran Green Ranger Malaysia (GRM) telah berjaya dilangsungkan dari 19-26 November 2017. Program edisi ke-4 ini telah disertai oleh seramai 110 orang peserta (termasuk guru pengiring) dari 12 negeri di Semenanjung Malaysia. Ekspedisi ini telah menerima penyertaan dari 37 buah sekolah secara keseluruhannya berbanding hanya 20 buah sekolah pada tahun 2016.

Kelainannya pada tahun ini adalah ia telah dijalankan di dua lokasi yang berbeza. Kem untuk peserta sekolah menengah telah diadakan di Belum Adventure Camp (BAC), Pulau Banding, Gerik pada 19-22 November 2017 manakala kem untuk peserta sekolah rendah telah diadakan di Laketown Adventure Park (LAP), Bukit Merah, Perak pada 23-26 November 2017.

Bagi menyuntik elemen baru di dalam modulnya, GRM telah memperkenalkan KSSP (K.I.t.E School Sustainability Programme) atau Program Kelestarian Sekolah K.I.t.E pada tahun ini. Tugasan ini diberikan kepada setiap sekolah/kontinjen yang mengambil bahagian dalam ekspedisi K.I.t.E. Para peserta diberi tempoh sebulan untuk melaksanakan tugasan ini serta menyediakan laporan yang dibentangkan pada hari terakhir ekspedisi.

Antara topik tugasan yang telah diberi kepada peserta adalah:

1. Penggunaan elektrik
2. Penggunaan air
3. Audit pengurusan sisa
4. Projek 3R "upcycling"
5. Penggunaan media sosial dalam komunikasi alam sekitar

Setiap sekolah/kontinjen harus memilih salah satu daripada topik yang diberikan. Objektif tugasan ini adalah untuk mendedahkan peserta tentang kelestarian melalui perancangan, pelaksanaan dan pengkajian semula kaedah kelestarian yang digunakan di sekolah setiap hari. Melalui tugasan ini, adalah diharapkan agar setiap peserta dapat meningkatkan pengetahuan tentang konsep kelestarian dan dapat mempraktikkan apa yang telah dipelajari dalam kehidupan seharian.

Program tahun ini turut melibatkan barisan saintis/mentor dari Universiti Sains Malaysia, Universiti Putra Malaysia dan PERHILITAN yang telah berkongsi kepakaran mengikut bidang masing-masing terutama dalam pelaksanaan eksperimen bagi topik fungi dan mamalia sepanjang perjalanan program 4 hari 3 malam untuk setiap kumpulan (Hornbill/ Pioneer dan Navigator).

Program K.I.t.E sememangnya mendapat sokongan dari Kementerian Pelajaran Malaysia (KPM) sejak ia bermula pada tahun 2014. Pada tahun ini, Majlis penutupan dan penyerahan sijil penyertaan kepada peserta bagi kumpulan Pioneer dan Navigator KITE 2017 turut diserikan dengan persembahan nyanyian solo dan berkumpulan oleh para pelajar SK RPS Banun (Komprehensif 9), Gerik, Perak. Adik Sonia binti Ramli menyampaikan lagu Setiaku Pasti nyanyian asal Farah Hezel sementara sekumpulan pelajar tingkatan 1 dan 2 yang dikenali sebagai kumpulan Zumba Girl mempersembahkan tarian dengan iringan lagu 'Shape of You' nyanyian Ed Sheeran.

# Belum Forest Friend

Join our Belum Forest Friend programme by purchasing any of the following packages

1. Donation of RM50.00 for a pair of school uniform to be contributed to a school going Orang Asli child.
2. Individual gift package of Orang Asli Handicraft Products at RM50.00
3. Corporate gift package of Orang Asli Handicraft at RM400.00

All proceeds will be channeled to the Belum-Temengor Community Development Programmes.

Thank you for your interest and participation!
